PRIORITY 33 OF 33 · SCORE 1.3

Executive Office of the President

EOP spending is small and mostly staff and operations, so it is not a fraud target. EOP matters as a sponsor: OMB sets improper payment and fraud risk policy for every agency, and the President launched a nationwide anti-fraud task force by executive order in March 2026. Treat EOP and OMB as the audience for the government-wide proposal, not as a subject.

INVESTIGATIONS WE PROPOSE

EOP-1 Grantee screen on ONDCP HIDTA grants. EOP's main role is audience: the Phase 1 report is written for OMB. **First prototype.**

EXPOSURE

- $0.85B in outlays in FY2026. Includes the Office of National Drug Control Policy's grant programs (HIDTA).

PUBLIC DATA WE USE

- **USAspending** for EOP grants and contracts.
- **PaymentAccuracy.gov** (run by OMB) for government-wide improper payment data used across this set.

HOW WE DETECT IT

1. **HIDTA grant screen:** the shared grantee checks applied to ONDCP grants.

FIRST PROTOTYPE

None proposed. Use this set and the ranking as the briefing for OMB.

WHY PRIORITY 33

Exposure	●○○○○
Public data	●●○○○
SBA method fit	●○○○○
Actionability	●○○○○

OUR REVIEW, DELIVERED WEEK 13

Grantee screen on ONDCP's HIDTA grants. EOP's main role is as audience: the Phase 1 report is written for OMB's Office of Federal Financial Management.

Every lead goes to an Inspector General or DOJ as a referral package with sources and caveats. Nothing is published.

WHAT WE ASK OF EOP

Phase 2 data: Contract invoices; HIDTA grant reports.

What it enables: Ordinary contract and grant checks.

Access route: Each OIG.

LIMITS

Little public program spending to analyze.

SOURCES

- Baker McKenzie: Trump launches nationwide antifraud task force (Mar 2026)
- PaymentAccuracy.gov
- USAspending agency profiles (FY2026 outlays)

Scores and plans are our judgment from public sources. Risk indicators are leads for Inspectors General or DOJ, not accusations.
